

Reciprocal - Non-Reciprocal Vehicle Tax Rate Chart

July 2016

Nonresidents may not claim the nonresident purchaser exemption (Section 5, Box A of Form ST-556, Sales Tax Transaction Return) on purchases of motor vehicles or trailers that will be titled in a state that does not give Illinois residents a nonresident purchaser exemption on their purchases in that state of motor vehicles or trailers that will be titled in Illinois (i.e., there is no reciprocal exemption). Motor vehicles leased to nonresidents using drive-away permits or transferring out-of-state vehicle registration plates will be exempt, regardless of the purchaser's state of residence. See instructions for Form ST-556-LSE, Transaction Return for Leases, for more information about this exemption. As a condition of claiming this exemption, nonresidents purchasers and lessees must certify that they are not residents of Illinois. See ST-588, Nonresidency Exemption Certification for Sales and Leases of Motor Vehicles and Trailers, available on our website at tax.illinois.gov.

The chart below lists each state. It shows whether or not you must collect tax from purchasers from that state and, if so, the rate that you must use to compute tax due. Rates are subject to change. The information appearing below is current as of the date on this chart. Please refer to our website for the most current information. Reporting instructions are outlined in Informational Bulletins FY2005-13 and FY2006-11.
